

The Dock-N-Talk™

by

Universal cell phone docking station and charger

- Solve inside cell coverage issues
- Eliminate your land line and save money
- Use regular phones to talk on wireless calls

Benefits and Features:

- Make and receive cell phone calls using Dock-N-Talk™ with normal wireline cordless or corded telephones;
- Get better reception by docking your cell phone in your "hot spot" for strongest signal and talk anywhere in your home;
- Universal design supports an unlimited number of handsets with currently over 1000 cell phone models supported including some of the most popular phones from Nokia, Sony Ericsson, Motorola, Samsung, LG, Palm Treo, RIM Blackberry, Siemens, and more;
- Charges your cell phone while docked ensuring your cell phone is always fully charged when using with a cable connection;
- Have the convenience and audio quality of a full-sized handset, speakerphone or headset for extended calls;
- Place your cell phone in your best area for cell phone reception and use regular corded or cordless phones throughout the house;
- Use the free unlimited nights, weekends and mobile to mobile calling plans to their fullest while fully utilizing unused peak minutes;
