

22 Ton

Super Rural Residential Log Splitter

Model: SR0622

- ◆ 22 ton splitting force
- ◆ 14 second cycle time
- ◆ Vertical / Horizontal operating positions
- ◆ 5.5 HP (190cc) B&S Engine

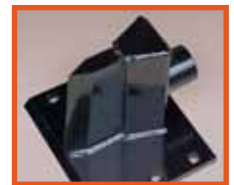

Easy to operate in both vertical and horizontal positions.

The short-rail design Super Rural Residential log splitter is built to deliver 22 tons of splitting force for splitting the hardest of hardwoods. The unique Superwedge is made from hardened tool steel to cut through the most stubborn wood and designed to spread the log while splitting.

Since 1982, Brave has provided the market with the finest quality log splitters available.

**Superwedge –
Spreads the log while
splitting**

Model: SR0622

BRAVE – the finest log splitter on the market today!
